JOINT MOTION FOR CONTINUANCE OF HEARING

Northern Kentucky Water District and the Attorney General, through his Office of Rate Intervention, by counsel, move for a continuance of the hearing scheduled for January 4, 2006. The Joint Movants assert that they have held productive negotiations that may lead to the settlement of significant issues involved in this proceeding. However, due to the complexity of the issues and the need for thorough evaluation of the issues, a final settlement cannot be completed by the date of the scheduled hearing.

Additionally, given the need for various approvals and authorizations from within the Attorney General's Office and the impending holidays, it will be difficult to complete the review prior to the hearing date. The Joint Movants will notify the Commission as soon as it is determined that an agreement can be reached.

For these reasons, the Joint Movants request that the hearing scheduled for January 4, 2006 be continued generally for the purpose of ongoing settlement negotiations.
